**Project Applicant:** John Wilson

**Applicant's Agent:** Terra Verde Environmental Consulting, LLC – Brooke Langle

**Project Name:** Jack Ranch San Luis Obispo Agricultural Cluster Project

**Receiving Water:** Tributaries to Davenport Creek

**City/County:** San Luis Obispo / San Luis Obispo

**Public Notice:** November 1, 2019 – November 22, 2019

### **Project Description:**

The purpose of the proposed project is to install drainage for the proposed 14 lot cluster subdivision. The proposed project activities include:

- Constructing three culvert crossings within three separate drainages on the property;
- Installing two 36-inch diameter, 39.09-foot-long corrugated metal pipe (CMP) culverts at crossing 1;
- Placing 243 square feet of quarter ton rock slope protection at crossings 1, 2, and 3;
- Replacing two existing 36-inch diameter pipe culvert with 36-inch diameter and 66.12-foot-long CMP culverts at crossing 2; and
- Installing two 36-inch culvert extensions on existing culvert at crossing 3.

Proposed Mitigation:

Restoring temporary impacts to streambed and riparian areas at a 1:1 ratio and permanent impacts at a 2:1 ratio.

The County of San Luis Obispo filed an Environmental Impact Report on July 13, 2018.
